## WINDY SEASON!

Dear Leyden Rock Neighbors:

Spring is fast-approaching and the windy season is here! Unfortunately, with the wind comes wind-blown litter that at times tends to blow your direction from passing trucks and directly from our landfill. Should some of this litter end up in your yards or community areas, we want to make sure that you have our contact information so that you can reach out to us directly to remedy the issue. Please call our Operations Manager, Chris Gronquist and he will gladly send a crew to your location as soon as possible to pick up the blown material.
